

Educational institutes in non-OECD countries can request a free 6 months SimaPro Faculty licence. The Faculty licence is a single user version that can be installed on multiple computers of students and staff within your department.

All SimaPro licences include the ecoinvent v3 database, including access code for the ecoinvent web site (www.ecoinvent.org).

Specific conditions for the free non-OECD SimaPro Faculty licence:

- The SimaPro Faculty licence is provided free of charge to educational institutes in non-OECD countries only, upon sending this signed order form.
- Delivery is done electronically (via download/email). The user will make sure the registration code or ecoinvent access codes are not distributed outside his/her organisation.
- The software and database are only to be used for educational purposes. Use in paid research projects, or in projects in OECD countries is not allowed.
- After 6 months the software will expire and run as a demo version. The software can be revived by requesting a new Faculty licence. The ecoinvent access codes will be renewed after one year.
- Support is only given to the named contact person on this order form.
- PRé Consultants has the right to refuse a free licence if there are any suspicions of abuse, and can withdraw or change the offer for a free SimaPro Faculty licence at any time.

Licence agreement and signature

I have read the SimaPro End User Licence Agreement (EULA) and Service Level Agreement (SLA) for SimaPro software licences released 1 March 2006, and the ecoinvent database conditions. I fully understand and agree with these conditions. I declare that the licences will ONLY be used for educational purposes by students and staff registered at our faculty.
